We worked with our SQ, Gatineau and OPP partners to use the available resources to do the temporary closures to divert the convoys they were tracking. This limited the impacts to legitimate travels of citizens and other workers. There are no permanent closures

I am sorry, I have been out of play- where is this at?
Do you still need direction on this?

DC Ferguson,
We will have to get some rigor around strategic direction being provided from the Command Team.
I have clarified with SCC that:

- You will need to get the detailed order from the Chief on exactly what the strategic direction is for the shut down
- This will have to be relayed to Supt Dunlop
- Supt Dunlop will engage SCC to develop the plan to execute the decision
- The plan will need to be approved at the right level and disseminated as an update to the current operational plan

Thank you,
Kevin

DC Ferguson,
I was just speaking with Insp Lucas, the Chief's direction to shut down access needs to go to Insp Palmer to plan.
She will need to coordinate with SSgt Hull in the NCRCC who will engage all affected traffic partners.
Thank you,
Kevin
